Career Objective

Seeking a challenging role as a Data Scientist where I can leverage my expertise in Python, C++, Java, SQL, JavaScript, CSS, HTML and C#, along with proficiency in tools like Visual Studio Code, Oracle, PyCharm, R studio and MATLAB, to design and implement machine learning models and data-driven solutions that deliver meaningful insights and impactful applications.

Skills

Programming Languages: Python, C++, Java, SQL, C#, R, HTML, CSS, JavaScript
Software & Tools: Visual Studio Code, Oracle, PyCharm, CodeBlocks, MATLAB
Operating Systems: Windows (7–11)
Office Programs: MS Office (Word, Excel, PowerPoint)
Language Skills: Bengali, English, Hindi

Educational Background

American International University Bangladesh (AIUB) — Dhaka, Bangladesh
B.Sc. in Computer Science and Engineering (CSE) – CGPA: 3.65 / 4.0 — *Jan 2023 – Present (12th Sem)*
– Address: 408/1, Kuratoli, Khilkhet, Dhaka 1229, Bangladesh

Jashore Govt. Mohila College — Jashore, Bangladesh
Higher Secondary Certificate (Science) – GPA: 5.0 / 5.0 — *2021*

Jashore Govt. Girls High School — Jashore, Bangladesh
Secondary School Certificate (Science) – GPA: 4.89 / 5.0 — *2019*

Research & Publications

• **Bio-Degradable IoT Systems for Sustainable Green Energy** — 2025
– **Title:** Design and Development of Bio-Degradable IoT Systems for Sustainable Green Energy Monitoring and Management. (Accepted, published, and presented; DOI: 10.1109/ICCIT68739.2025.11491535)

• **Coastal Tourism Sustainability (ICEBTM 2025)** — Nov 2025
– **Title:** Cox's Bazar & the Blue Flag Standard: A Study on Coastal Tourism Sustainability. (Published and presented; DOI: 10.67508/iub.icebtm.2025.004)

• **2nd Undergraduate Conf. on Intelligent Computing and Systems (UCICS 2026)** — Jan 17–18, 2026
– **Title:** SkillMap-ML: A Data-Driven Skill Mapping and Machine Learning Framework for Classifying, Predicting, and Visualizing Digital Competency Gaps in University Students. (PID122; Theme: *"Empowering Tomorrow's Innovators"*; Varendra University)

• **International Conference Paper, QPAIN** — 2026
– **Title:** AgroVision: An Efficient Hybrid Machine Learning Architecture for Multi Crop Disease Diagnosis in Precision Agriculture. (Paper ID: 1598; Accepted and presented research work)

• **NETINSEARCH International Conference** — 2025
– Presented two accepted papers: *"AI-Based Detection of Crop Diseases and Pests Using Drone and Field Imagery"* and *"From Compliance to Strategy: Navigating ESG Integration in Business Models"*.

• **International Conference on Information Technology and Development (ITD)** — 2025
– Accepted and presented: *"Balancing Digital Innovation and Environmental Sustainability: The Role of Green AI in Reducing Energy Consumption and Carbon Footprint"*.

• **National Biomed Health ResearchCon (NBHRC)** — Aug 2025
– Organized by DMC RAC with Bangladesh Society of Medicine. Certificate of Authorship awarded.

Course Projects & Experience

• **Restaurant Management System** | *C#, Visual Studio, SQL, Application Developer* 7th Semester
– **Objective:** Develop a comprehensive system using C# streamlining order processing, billing, and inventory management.
– Designed and implemented the core application modules using C# in Visual Studio.
– Integrated modules for menu handling, live order tracking, and billing receipt generation.
– Optimized SQL database connectivity for efficient data handling and conducted comprehensive testing.

• **Color Sensor / Detector Device** | *Digital Logic Circuit Designer* 6th Semester
– **Objective:** Create an accurate and cost-effective color detection hardware system based on digital logic design principles.
– Designed and built circuit modules capable of recognizing and distinguishing up to seven distinct colors.
– Applied digital logic optimization techniques to enhance signal processing speed and reliability.
– Conducted extensive hardware testing and fault debugging to maintain high accuracy.

• **Cafe Management System** | *Java, Database Management System Developer* 5th Semester
– **Objective:** Design a database-driven system to organize, store, and retrieve customer orders and menu items efficiently.
– Developed core business logic and interactive graphical features utilizing Java.
– Constructed relational database tables and schemas to handle persistent transaction storage.
– Collaborated in an agile team setup to integrate front-end UI with the back-end DBMS.

Certifications & Training

- **Professional Diploma in Data Science & Business Analytics with R&D** – Organized by ISM Education in collaboration with BCET (UK). Completed program and capstone project (Certificate No: B1DS-T8CJ3). (Feb 2026)
- **Certificate in Professional Marketing** – DCCI Business Institute (DBI), Dhaka Chamber of Commerce & Industry. (2024)

Leadership & Extracurricular Activities

- **Leader, Bangladesh National Cadet Corps (BNCC):** Led cadet platoons during institutional drills, leadership exercises, and community development programs.
- **Debater, College Debate Team:** Represented the institution across regional inter-college debate tournaments, refining public communication and logical reasoning.

Awards & Membership

- Active Member, Bangladesh National Cadet Corps (BNCC).
- Member, Michael Madhusudan Dutta Debate Federation.
